

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses and income. The document also highlights the need for regular reconciliation of accounts to identify any discrepancies early on.

In addition, the document provides a detailed breakdown of the accounting cycle, which consists of eight steps. These steps range from identifying the accounting entity to preparing financial statements. Each step is explained in detail, with examples provided to illustrate the process. The document also includes a section on the double-entry system, which is a fundamental principle of accounting that ensures the balance sheet always balances.

Furthermore, the document discusses the various types of accounts used in accounting, such as assets, liabilities, equity, revenue, and expense accounts. It explains how these accounts are classified and how they interact with each other. The document also provides a list of common accounting abbreviations and symbols to help readers understand the language of accounting.

Finally, the document concludes with a summary of the key points discussed and a list of references for further reading. It encourages readers to continue their study of accounting and to seek professional advice when needed. The document is intended to be a helpful resource for anyone interested in learning more about the basics of accounting.

A team with no super-star, but seven all-conference players — and lots of spirit that lasted through mosquitoes, weather, and injuries. Four wins and four losses frustrated a young team that anticipated better. An explosive team, winning games by as much as thirty-six points, concentrated around a powerful running game. Recognition for some of the best came, but the satisfaction as a team was only half there.

CROSS COUNTRY

DHS Cross Country this year was the finest ever. Winning 15 out of 16 dual meets, and getting either first or second in the large invitationals kept a great spirit going. This team, crossing hills, swamps, golf courses, woods, prairies, and school yards, found very little glory or spectacle while running, but got great satisfaction and physical conditioning.

Ably coached by Len Kisellus, our season was finished by winning the county, conference, district, and the toughest sectional in the state. Senior Dean Erhard won every meet throughout the season up to state, in which he placed fourth. Deerfield's first Cross Country team ever to go downstate placed eighth in all of Illinois.

This year's soccer team, coached by Peter Zorn, had a blast despite experienced opponents, poor weather, and occasional bad luck. While they finished with a 1-5-1 record, they found satisfaction and had great fun in both practices and games. Steve Ernst, Barry Boches, and most valuable player Doug Frank were outstanding, and the group as a whole was really a unit. The team was young but thrilled to play and learn this new interscholastic sport.

 into eating an apple the poisonous kind,

 night

 There on the bed, a dead Snow White they found
 and no one even noticed the fallen background.
 But the prince awakened her with a kiss
 (something the play seemed to have missed)
 the queen was destroyed by her demons that day
 while Snow White and Prince Charming rode away
 and
 the dwarfs were left to their cottage unreal

Though injuries and a prolonged losing streak left the warriors overall record below .500, they played exciting basketball all year. Playing many juniors, this comparatively short team had to hustle to keep things close. They upset the archrival Highland Park team early in the season and thrilled the crowd with many tight games, some decided in overtime.

Battling the best competition in the state, the wrestling team spent the season trying to piece together a string of team victories. There were many exciting matches all year, but injuries, sickness, and lack of depth caused too many forfeits to achieve an overall winning record. However, the stunning dual meet upset over North Chicago and the hard fought second place finish in districts proved that the Warrior team was capable of first-rate wrestling. Five Deerfield wrestlers advanced to the sectionals, but only Dean Sherman was able to fight his way downstate, where he finished second.

The developing Deerfield gymnastics team achieved a new high meet score of 97.91 — not quite the prized century mark, but a great improvement. Senior Mark Stone was undefeated in dual meets on his specialty, the high bar, and was strong in all-around competition. The gymnasts had many close and exciting meets, finishing with a 5-8 dual meet record. Also very promising was a strong Sophomore team which won the Lake County Invitational.

This year's dedicated swim team challenged the best and swam to a 6-2 conference record with tremendous enthusiasm. The varsity, which included many underclassmen, practiced hard for the season, swimming about 300 miles. Though Coach Edstrom was on jury duty during the crucial last weeks of the season, they peaked well, with strong finishing times. Downstate, Paul Najt placed sixth in the 100 yard breaststroke and the relay team of Fritz Dale, Paul Najt, Jim Vander Meer, and Paul Craig set a new school record while taking sixth.

Throughout the weeks of slush, the indoor trackmen were bussed to Highland Park to loosen up and work out. Exhausting yet not high key, the practices were intended to dissolve winter kinks and to condition. A few meets inserted here and there reacquainted the team with the flavor of competition. Though many talented regulars missed indoor competition, the season was a definite success, times kept falling and distances growing larger. Looking ahead to the outdoor season, this experienced team was constantly improving.

It seems out of place in this unconventional yearbook to say thank you in a conventional way, but there really isn't a better one. So we of O*YAD want to say thanx to Mr. Horton for his time, patience, and knowledge, to Mr. Knudson for the same, and to Rudy O*YAD, our constant companion and true inspiration.
